Contents

- 1 Gloss Collection
- 2-3 Essential Collection
- 4 Perfect Grain Collection
- 5 Soft Grain Collection
- 6-7 Contour Collection
- 8-9 Accessories

Offering five diverse and beautifully crafted collections reflecting the perfection of their native origins, Sunwood™ brings nature alive inside. The Collections range from the subtlety of the Essential Collection to the high drama of the Gloss Collection. The Soft Grain Collection with its rich natural finish, contrasts with the sheer flawlessness of the Perfect Grain, while the exquisitely formed Contour Collection completes this extensive choice of exceptional quality wood venetians.

Wood is a natural insulator, helping to keep the cold out during the winter months; whilst the reflective properties of Sunwood™ will help shield the sun, keeping your interior space cool throughout Summer.

Not only are we conscious about where our wood comes from, but we strive to ensure it makes your home as energy efficient and kind to the environment as possible.

Motorisation

Tilt your Sunwood™ blind to your desired degree of closure at the touch of a button. With ultra quiet operation and precise slat positioning, the perfect ambience is only a touch away. Combining the latest technology, the motor will stop and hold slats, resulting in the tightest closure.

These sophisticated motors can operate the largest blinds with ease all from a simple six volt (battery or power supply) power source.
